Erik Banks : Catastrophic Risk: Analysis and Management (The Wiley Finance Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Catastrophic Risk: Analysis and Management (The Wiley Finance Series):

Catastrophic risk is one of the most significant and challenging areas of corporate risk management. Analyze this risk for your company with *Catastrophic Risk* and make sure you have sufficient resources to absorb losses and avoid financial distress. The first comprehensive volume to address this topic from a financial perspective, this book is a guide to the worst financial risks threatening companies and industries today. Author Eric Banks begins with a consideration of 'catastrophe' and its implications, looks at the state of actuarial and financial modelling of catastrophe risks, and discusses the creation of a risk management framework that will enable the efficient and secure management of exposure. *Catastrophic Risk* is essential reading if you're a corporate treasurer, CFO, or insurance/financial risk manager responsible for corporate risk management.
