Inspirational

IdeaologyBy Sandra GrossPrefer his live interview presenting his ideas, He does provide alor of inspiration for a solution for an untenable status quo.6 of 8 people found the following review helpful. Christian Felber's ideas are phenomenal! An applicable proposition to ...By M.A Ashland, ORChristian Felber's ideas are phenomenal! An applicable proposition to a much more human economy. Precisely written volume. This economy professor's ideas were actually and successfully applied in the real world.A must read for everybody interested in how to base our economic transactions on prosocial instead of antisocial values.

Is it possible for businesses to have a bottom line that is not profit and endless growth, but human dignity, justice, sustainability and democracy? Or an alternative economic model that is untainted by the greed and crises of current financial systems?Christian Felber says it is. Moreover, in Change Everything he shows us how. The Economy for the Common Good is not just an idea, but has already become a broad international movement with thousands of people, hundreds of companies, and dozens of communities and organizations participating, developing and implementing it. Published in English for the first time, this is a remarkable blueprint for change that will profoundly influence debates on reshaping our economy for the future.
