Barbara Ann Good : Changing Face of Money: Will Electric Money Be Adopted in the United States? (Financial Sector of the American Economy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Changing Face of Money: Will Electric Money Be Adopted in the United States? (Financial

Sector of the American Economy):

Although the cashless society has been predicted for at least twenty years, the new forms of card-based and software based electronic money may prove to be a partial alternative to the current forms of payment. This study examines these emerging electronic money systems and their possible adoption, primarily in the United States.

"An ideal introduction to current research on "cashless payments"; an extensive bibliography makes the book valuable for researchers."-"Choice
