Bryan Curtis : Classic Wisdom for the Professional Life before purchasing it in order to gage whether or not it would be worth my time, and all praised Classic Wisdom for the Professional Life:

0 of 0 people found the following review helpful. Five Stars
By Kindle Customer
Great book for quotes from folks. One of them I knew personally.
0 of 0 people found the following review helpful. When you need a quote.
By Steve Hershman
Sometimes the use of a quote can be the perfect way to open a presentation. A light-humored saying can take the tension out of a speaking venue and set the tone for what is to be presented. Anecdotes can also provide a "third party" contribution to demonstrate a point. Whether they be serious or humorous quotes, this book offers both on a variety of topics.
0 of 0 people found the following review helpful. Inspiring and makes a good gift
By bonbon
I found out about this book from Brooks Brothers, they sell the same book but with a nicer cover for 3.5x more. I bought this for my boyfriend who is very driven. It was a nice gift and reading the quotes is fun. I personally think it'd even be a good idea to keep something like this as a bathroom reader!!

The Professional Life. In the simplest of meanings, it is the part of your day or week or year or entire life that you spend working to make a living. Everyone knows that the way you spend those hours of your day can very easily carry over into every other aspect of your life. Do you know someone lucky enough to love what they do to support themselves? That happiness, pride, and satisfaction doesn't just stop when they leave the office. It finds its way into their personal relationships and into their community activities. Loving your work is the biggest bonus you can give yourself. **Classic Wisdom for the Professional Life** has words of wisdom from some of the world's preeminent business, political, and cultural leaders. Paying heed to one or one hundred of these quotes that really speaks to you can make a difference not only in the way you earn a paycheck now, but also in how you forge a career path for yourself. Be one of the lucky few who knows that a happy professional life is one huge part of really living the good life
