John Malcolm Dowling, Chin Fang Yap : Communicable Diseases in Developing Countries: Stopping the global epidemics of HIV/AIDS, Tuberculosis, Malaria and Diarrhea before purchasing it in order to gage whether or not it would be worth my time, and all praised Communicable Diseases in Developing Countries: Stopping the global

epidemics of HIV/AIDS, Tuberculosis, Malaria and Diarrhea:

This book provides an essential study of communicable diseases, by integrating the diagnosis, treatment and cure of communicable diseases in developing countries with the practical aspects of delivery of these services to the public.

About the Author John Malcolm Dowling is Visiting Lecturer in Economics at the University of Hawaii, USA. He has previously held positions at the University of Colorado, USA, Singapore Management University, Singapore, Melbourne University, Australia, Reading University, UK, and has received two Fulbright Fellowships in Iran and Thailand. He has published over sixty journal articles and seven books. Chin-Fang Yap teaches Economics at Tampines Junior College, Singapore. Her research interests include the Economic Development of Asia and Poverty, Happiness and Choice.
