0 of 0 people found the following review helpful. Five StarsBy CustomerVery useful and informative book18 of 18 people found the following review helpful. EXCELLENT - a must have at this priceBy IPWatchdogI am an intellectual property attorney and law professor. I frequently have the opportunity to talk to entrepreneurs and individuals interested in start up advise. I ALWAYS recommend this book to people who are new to business plans. The book has some sample business plans in the back. Truthfully these sample plans are not all that good, but do provide some idea of the proper layout and format of a business plan. The reason I like this book so much is because of the detailed questions it forces readers to ask themselves. The majority of the book is set up like a workbook, and

asks highly detailed questions that must be answered before writing can begin. These questions will also force the would be entrepreneur to think of and address a series of questions that many first timers would forget or not even know to ask or consider. This book is probably not for people who have been through the process, but for those who are doing it themselves and/or doing it for the first time buying this book is money well spent!0 of 0 people found the following review helpful. Four StarsBy CustomerI like the workbook

Readers have turned to The Complete Book of Business Plans for almost 10 years for advice and information, making it one of the bestselling business planning books of our time. Authors Brian Hazelgren and Joseph Covello have gone back to the drawing board on this updated edition, providing readers with more than a dozen brand-new business plans. The Complete Book of Business Plans also includes revised and updated information on how to get started, what questions to ask and how to finalize a business plan that will get you off the ground and running. For business owners just starting out or seasoned veterans that want to bring their business to the next level, The Complete Book of Business Plans is the only reference they need to get the funding they're looking for.
