**From Wiley :** **Computer Fraud Casebook: The Bytes that Bite** before purchasing it in order to gage whether or not it would be worth my time, and all praised Computer Fraud Casebook: The Bytes that Bite:

0 of 0 people found the following review helpful. greatBy Angela Procopioexactly as described! great value

This one-of-a-kind collection consists of actual cases written by fraud examiners out in the field. These cases were hand selected from hundreds of submissions and together form a comprehensive picture of the many types of computer fraud how they are investigated, across industries and throughout the world. Topics included are email fraud,

on-line auction fraud, security breaches, counterfeiting, and others.
