Yujiro Hayami, Yoshihisa Godo : Development Economics: From the Poverty to the Wealth of Nations before purchasing it in order to gauge whether or not it would be worth my time, and all praised Development Economics: From the Poverty to the Wealth of Nations:

This book provides a comprehensive, systematic treatise on development economics, combining classical political economy, modern institutional theory, and current development issues. It addresses one basic question: Why has a

small set of countries achieved a high level of affluence while the majority remains poor and stagnant? This fully revised and updated third edition also incorporates analyses of several recent changes and newly emerged problems relevant to the global economy.

` from previous edition This is a well written and nicely argued book. [It] would constitute a core book around which to structure a course in Economic Development.'Journal of Development Studies`This remarkable book offers a unified, coherent, and optimistic overview of the discipline.'Journal of Economic Literature`A comprehensive textbook on development economics.'Development Policy About the AuthorYujiro Hayami is Chairman of the Graduate Faculty at the Foundation for Advanced Studies on International Development and Professor at the National Graduate Institute of Policy Studies, Tokyo. Yoshihisa Godo is Associate Professor of Economics at Meijigakuin University and Visiting Associate Professor at the National Graduate Institute for Policy Studies, Tokyo.
