Gary Giroux : Earnings Magic and the Unbalance Sheet: The Search for Financial Reality before purchasing it in order to gauge whether or not it would be worth my time, and all praised Earnings Magic and the Unbalance Sheet: The Search for Financial Reality:

1 of 1 people found the following review helpful. DisappointingBy R. JaegerThe book provided nothing new. This was entry level stuff written for non-accountants.2 of 2 people found the following review helpful. Educates investors to be better analystsBy Mariusz SkoniecznyI try to read various books on the subject of manipulating or managing

earnings to enhance my analytical abilities. Because the GAAP rules give executives certain freedoms, it is valuable to know the true story behind these numbers. I like how this book educates readers on where to look to find clues for earnings management. For me, the chapter on pensions and other postemployment benefits was beneficial. During the current economic crisis, many companies struggle with their defined benefit plans, and this chapter educates readers better how to read through financial notes to gain better understanding of the pension status.- Mariusz Skonieczny, author of *Why Are We So Clueless about the Stock Market?* Learn how to invest your money, how to pick stocks, and how to make money in the stock market

Praise for *Earnings Magic and the Unbalance Sheet* "Gary Giroux brings a breezy, entertaining writing style that really helps the reader untangle arcane accounting practices, including stock options, pensions, off-balance sheet items, and the rest of his 'dirty thirty.'" mdash;Edward Swanson, Durst Chair and Professor of Accounting, Texas AM University "Earnings Magic and the Unbalance Sheet provides equity investors with clear explanations of today's financial environment together with specific analysis tools to assess the quality of earnings. Gary Giroux provides a valuable and easy-to-use scoring system where investors assign grades to help them in their investment decisions. *Earnings Magic* is a must-read for any investor in the Dow Jones Industrial Average (Dow 30). Giroux thoroughly analyzes some of the biggest and best known companies." mdash;Andrew McLelland, Assistant Professor of Accounting, Auburn University **YOUR KEY TO EVALUATING A COMPANY'S EARNINGS QUALITY** Wouldn't you like to know as much as you could about a company before you invest in it? Financial information on companies is readily available, but not necessarily easy to interpret. With shrewd tips and state-of-the-art analytical tools, *Earnings Magic and the Unbalance Sheet* arms you with the key strategies and principles to help you evaluate whether a company's bottom line is headed toward excellence or financial abuse. This eye-opening guide expertly walks you through the tangle of potentially inflated earnings and misleading accounting disclosures to determine a company's financial reality.
