Maria Teresa Bianchi : Economics and Sociability in new tools for Integrated Welfare (Corporate Management between ethics and profit) before purchasing it in order to gage whether or not it would be worth my time, and all praised Economics and Sociability in new tools for Integrated Welfare (Corporate Management between ethics and profit):

The reflection that has stimulated the present work could be summarized in the expression: "the State withdraws progressively from welfare, as it fills that void"; The answer to this question is fragmented and uncoordinated and comes often from civil society. The work is concerned, after the analysis of the current situation, to verify the role of business in response to the vacuum of welfare and the compatibility of such a role with the cost of the business.
