Joshua Rosenbaum, Joshua Pearl : Investment Banking Focus Notes (Wiley Finance) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Investment Banking Focus Notes (Wiley Finance):

Investment Banking FOCUS NOTES provides a comprehensive, yet streamlined, review of the basic skills and concepts discussed in Investment Banking: Valuation, Leveraged Buyouts, and Mergers Acquisitions, Second Edition. The focus notes are designed for use both as a companion to the book, as well as on a standalone basis. Investment Banking focuses on the primary valuation methodologies currently used on Wall Street—namely, comparable companies analysis, precedent transactions analysis, DCF analysis, and LBO analysis—as well as detailed MA analysis from both a sell-side and buy-side perspective. Our focus notes seek to help solidify knowledge of these core financial topics as true mastery must be tested, honed, and retested over time.
