**Carieacute; Maas : Jannie Mouton: And then they fired me** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jannie Mouton: And then they fired me:

0 of 0 people found the following review helpful. It's all about the basicsBy Derek SchraaderI don't get much time to read nowadays - but I'm glad that I read Mr Mouton's book. I thoroughly enjoy his no-nonsense, no-frills approach to business. The PSG story is a South African success story and an inspiration. Thank you Jannie for taking the time to write this book. It's always good to learn from people that have have made it - and also seem to be genuinely good people.0 of 0 people found the following review helpful. Very good lessons but not very well writtenBy OnkeThis book does contain valuable lessons and advice shared by this magnate, which was the reason for buying it in the first

place. However, the way in which it's written is not the best; the book is not totally absorbing and his Afrikaans grammar sometimes comes through. Storylines also sometimes jump around between chapters. I would still recommend it to anyone because of the good content. 0 of 0 people found the following review helpful. Five Stars By Grant Manicom I really enjoyed this story about how Jannie built his business!

Jannie Mouton is one of South Africa's greatest success stories. Here is the inside story of how he started PSG from scratch after getting fired at age 48 and turned it into a triumphant success in 15 years. Today it has interests in companies with a market capitalisation of R61 billion. In this book Jannie Mouton talks openly about what went on behind the scenes – even the most controversial events, such as the Pioneer Foods cartel saga. With his typical honesty and humour, he freely shares his business and investment advice. Losing is not a word in Jannie Mouton's vocabulary.
