Your SuccessBy Alain B. Burrese"The Japanese Samurai Code: Classic Strategies for Success" by Boye Lafayette De Mente opens with "Bushido, the ethical system of Japan's famous samurai class, which ruled the country from 1192 until 1868, eventually came to encompass every aspect of the lives of the people - their philosophical and spiritual beliefs, their etiquette, their family life, their dress, their work, their aesthetic sense, even their recreation."In this book, De Mente attempts to identify the positive factors in Bushido that were primarily responsible for the astounding economic success of the Japanese, and still today play a vital role in their economic prowess.For anyone who wants to succeed with dealings with Japanese businesses, or who has an interest in applying the character traits in the samurai code of ethics to enhance their own personal skills and performance, this book will be an enjoyable read and an interesting success manual.The book has 59 short chapters, making it very easy to read and digest. Each lesson could be pondered for a much greater length of time than it takes to read the short chapter. For those interested in the Japanese language as well as cultural and historical references, you will be happy to see the Japanese for each of the titles and concepts presented in these chapters too.Some of the topics covered:The Spirit That Motivates the Japanese: Nihonjin no SeishinPower of the Right Mental Attitude: Tadashii Kangaekata no PawaaTaking the Best Leaving the Rest: Shusha Sentaku no "Myou"Failure is Not an Option: Shippai wa YurusarenaiThe Power of Extreme Diligence: Osokubeki Nihonjin no KinbenThe Samurai Work Ethic: Bushi no Roudoh RinriThe Word of a Samurai: Bushi no Ichi-gonThe Do or Die Factor: Inochigake no SeichinAdjusting to Change: Henka ni TaiouThe Right Thing the Right Way!: Subete ni Jouseki ariBoye Lafayette De Mente has been involved with Japan, Korea, and China since the late 1940s and is the author of more than 30 books on these three countries. I have enjoyed a number of his books, and this one especially so.I too study the ancient warriors from Korea, Japan, and China and I am grateful to people like De Mente who have enabled me to learn about these countries in English. As a martial artist, former soldier with the U.S. Army, and someone who follows and teaches not only the physical skills of self-defense, but also the warrior traditions and philosophies, I found this book extremely valuable not only to help improve my own skills to succeed in personal and business endeavors, but also to study, apply and assist with my own personal warrior philosophy and teachings.When the samurai entered battle, their goal was to win. Bushido skills will contribute to your success and help you win at life. Study and apply the lessons in The Japanese Samurai Code and you'll see how far the classic strategies for success will take you.Reviewed by Alain Burrese, J.D., author of the DVD set Streetfighting Essentials.

This fascinating Japanese culture and business guide explains how bushido samurai culture has influenced modern Japanese behavior and business practices.Bushido, the ethical system of Japan's famous samurai class, which ruled the country from 1192 until 1868, eventually came to encompass every aspect of the lives of the people—their philosophical and spiritual beliefs, their etiquette, their family life, their dress, their work, their aesthetic sense, even their recreation.In The Japanese Samurai Code, Japanologist Boye Lafayette De Mente attempts to identify the positive factors in Bushido that were primarily responsible for the astounding economic success of the Japanese, and still today play a vital role in their economic prowess. Perfect for those interested in doing business in, or with, Japan, or just trying to improve their own personal skills and performance, this book is a success manual for people in any endeavor.Chapters include:The Power of the Samurai Culture—;Kyoui no Bushi BunkaThe Spirit that Motivates the Japanese—;Nihonjin no SeishinTaking the Best Leaving the Rest—;Shusha Sentaku no "Myou"The Power of Dignity—;Hinkaku no ChikaraThe Samurai Work Ethic—;Bushi no Roudoh RinriKnowing Without Being Told—;Anmoku no RyokaiAdjusting to Change—;Henka ni TaiouThe Discriminating Mind—;Urusai no Hitotachiand more!

"A must-read for anyone who wants to tap into the teachings of the samurai. Boye Lafayette De Mente identifies the warrior traits that helped transform Japan, then explains how you can apply them in today's society."—Black Belt
