**Ali Campbell : Just Get On With It: A Caring, Compassionate Kick Up the Ass!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Get On With It: A Caring, Compassionate Kick Up the Ass!:

1 of 1 people found the following review helpful. Just get on with it and buy this book!By Carolyn KThe book gives a different perspective on self-help. Instead of offering up yet another book on the power of "positive thinking", the author gives a step by step approach to changing your attitude and putting your energy to work in the places where it will make a difference. If you follow the advice in this book, you probably won't need any other self-help book

because you will be well on your way to success in your life. 4 of 4 people found the following review helpful. Just Get on With it! By Ali Campbell It seems to be working for me as I am doing a lot more thinking about how my thoughts are affecting my mood, and therefore, my behavior. Even though the specific examples he sites in the book may not apply to my life or situations, I find his discussion on the impact of emotionally influenced interpretation of events very relevant. 0 of 0 people found the following review helpful. Great insight for those who follow Syd Bank's work ... By James In Utah A powerful book about insight into the nature of our thought. Syd Bank's work is being interpreted by numerous people, and Ali's insight is quite brilliant. If you are into the insights of Syd Banks, especially as they apply to our world today, I'd highly recommend Ali and this book.

Do you dither about your next move, avoid making that one change that you know would make your life so much better, or just wish you had more natural get up and go?! Now leading life coach and NLP expert Ali Campbell has drawn on his extensive experience and expertise to deliver real answers - just the caring, compassionate kick up the ass you've been needing. Known in the UK media as 'Mr. Fix It', Ali has helped celebrities, politicians, and even royalty to stop sabotaging themselves so that they can realise their full potential - and now you too can use his dynamic approach and practical tools to create the life you've always wanted. With real-life stories from clients that have achieved great success with Ali, this book will help you to: Get honest with yourself about where you are and what you really want Stop telling yourself the stories that are keeping you stuck Accelerate real change and stay on the crest of the wave So if you're tired of wondering where you're going wrong in your life, perhaps it's time you tried something completely different, so that you can bypass the conditions you've set up for yourself, just get on with it and expect to achieve big results - fast."
