Bruce S. Feldacker, Michael J. Hayes : Labor Guide to Labor Law before purchasing it in order to gage whether or not it would be worth my time, and all praised Labor Guide to Labor Law:

1 of 1 people found the following review helpful. 5th Edition Labor Guide to Labor LawBy CustomerPhysicians have the Physicians Desk Reference to keep them on track and labor relations professionals have Feldackers's 5th edition Idquo;Labor Guide to Labor Lawrdquo; but the everyday interested lay person will find this reference an easy read as well as comprehensive, leaving no stone unturned. In my own experience as a labor relations expert and labor educator I have found this text a rich and valuable resource. My students LOVE IT!!Gordon McClellandCornell UniversityLabor Programs (Retired/ILR School)

Labor Guide to Labor Law is a comprehensive survey of labor law in the private sector, written from the labor perspective for labor relations students and for unions and their members. This thoroughly revised and updated fifth edition covers new statutes, current issues, and the latest developments in labor and employment law. The text emphasizes issues of greatest importance to unions and employees. Where the law permits a union to make certain tactical choices, those choices are pointed out. Material is included on internal union matters that tend to be ignored in management texts. Bruce S. Feldacker and Michael J. Hayes cover applicable labor law principles from a union's initial organizing campaign to the mature bargaining relationship, including such subjects as the employee right to engage in protected concerted activity, the duty to bargain, labor arbitration, the use of strikes, picketing and other economic weapons in resolving a labor dispute, the duty of fair representation, internal union regulation, and employment discrimination. This book is also a useful reference and review for full-time union officers and representatives who have a working knowledge of labor law but wish to brush up on certain points as needed in their work. Both authors have extensive experience in the construction field, and they have been careful to include material on those aspects of labor law that are unique to that field. Labor Guide to Labor Law is structured to present an unbiased and comprehensive explanation of labor law principles for anyone interested in the field. Thus, labor relations educators, as well as practitioners in the field representing labor, management, or individual employees, should also find the text suitable for their use. Each chapter includes a summary, review questions and answers, a restatement of "Basic Legal principles" with citations to key cases, and a bibliography for additional research.

"This book is a well-written, concise, and understandable tool by which the layperson can gain a serious understanding of the legal aspects of contemporary labor relations."?Arbitration Journal "Labor Guide to Labor Law admirably covers the highly complex field of labor law."?Labor Relations LawAbout the Author Attorney Bruce S. Feldacker represents labor organizations in labor and employment law matters and serves as a mediator in labor and employment law disputes. He is an Adjunct Professor at St. Louis University Law School. Michael J. Hayes is an Associate Professor at the University of Baltimore Law School. Prior to his teaching career, Hayes practiced labor and employment law for six years with a union side law firm in Washington D.C. and as a staff counsel to the National Labor Relations Board.
