more I read the more I enjoyed the story and the history lesson. I really enjoyed the mingling of two story threads, a very effective technique. Don't be deceived by the title and the play on magic, what you see isn't always what you get. Worthy of your time and attention.

William W. Durbin, businessman, political activist, and professional magician, was a major figure in Ohio politics during the first half of the twentieth century, serving as the powerful head of the Ohio Democratic Party and as a senior official in the U.S. Treasury under Franklin D. Roosevelt. Durbin's story is that of a political maverick who knew how to manipulate behind-the-scenes activities, especially in Ohio's political arena. He was instrumental in William Jennings Bryan's near-defeat of William McKinley in Ohio, and two decades later he helped Woodrow Wilson reach the White House. Although Durbin's vocation was politics, his passion was magic. One of the nation's premier magicians, who performed on stage as "The Past Master of the Black Art", he was the first elected president of the International Brotherhood of Magicians, a professional organization that has grown since its first convention in Kenton, Ohio, in 1926 to number more than 15,000 members today. Imaginatively told and thoroughly researched, *Linking Rings* is an engaging biography narrated by James D. Robenalt, Durbin's great-grandson, who places himself with Durbin in a long car ride back to Ohio from Washington, D.C., in February 1937. Fans of magic and those interested in political history will find *Linking Rings* an engrossing read.

"Jim Robenalt has written a unique story that transports the reader to 1937, for a magical road trip with his direct ancestor, a real-life magician and politician. His book is one part magic history, one part American history and one part family history. Here we meet presidents, candidates, conjurers and Civil War soldiers. His account of the first convention of the International Brotherhood of Magicians provides an accurate glimpse of people who loved magic and made it their livelihood. There is much to learn from this book, but perhaps the most important message is to cherish our history and celebrate our own unique family stories." From the Inside Flap
