6 of 6 people found the following review helpful. Immediate Career Direction Relief ! Quick read with clear actionable take aways.By Jeff FusonHURRY! Grab Bob Dickie's new book, Love Your Work,\* as soon as you possibly can because it's gonna accelerate your career decision making process. When I received this

I read it cover to cover in just a few hours. Robert Dickie III, President of Crown Ministries, delivers so many actionable items that will move you toward selecting and diving into the perfect career that you'll be blown away and motivated to take action. Whether you are just starting out and trying to figure out what career even sounds good, or maybe you are making a mid-career correction, or even re-entering the work world for an encore career put this book at the top of your reading list and grab it now. Bob does a great job of sharing candidly about his own career and life mistakes and how he corrected them and he shares one solid action point after another on how to amp up your career preparation to land the perfect next career in this rapidly changing economy. Robert shows you the complexities and speed of the changes going on in 2017 and beyond and more importantly, he shows you exactly how to take advantage of those changes with actionable coaching. Grab this book, devour it, and take action on it right now — like your life depends on it. Because, in truth, as fast as things are changing today, your career life may be hanging in the balance with global career ending shifts just ahead. And yet, the future is loaded with fresh powerful career potential if you know where to look and how to take advantage of the changes. This book will teach you how to leverage your best talents and abilities to maximize your results in this new economy. [ and, how to prepare for changes if you sense your career may be about to go through major change-ups ] ALL THE BEST! Jeff Fuson p.s. Get it NOW and take action right away! \* I had the privilege of reading "Love Your Work" before it was publicly released because I serve as a Career Director; Consultant. So, if you read this book and choose to take the Career Director; Assessment and choose to use their powerful Consultation process then our paths may cross again, in which case, I may benefit financially from assisting you with a Career Director; consultation. 3 of 3 people found the following review helpful. Love Your Work By Michael Taylor "Love Your Work" by Robert Dickie is a great title for anyone making a voluntary or involuntary career change. The title is around 200 pages and covers such topics as: 1. Characteristics of a great working environment. 2. 7 important work skills to have. 3. 6 keys in communicating with others. 4. Character and integrity are more important than skill sets (AMEN to that!). 5. Be specific about career and quality of life goals. 6. Changing your career requires hard work, dedication, and commitment to your goal. 7. The longer you stay in a stagnant environment, the more damage you will do to your career. Having recently passed my Project Management Professional (PMP) Certification exam and ordained as a pastor, I look forward to applying some of the suggestions mentioned. Will be a very helpful present and future resource. Recommended. I was given a review copy by Moody Publishers in exchange for a fair and honest review. 5 of 5 people found the following review helpful. I highly recommend this book to all mid career professionals as well ... By Handre de Jongh I never anticipated that this book would have such a profound impact on my life. It caused me to re-evaluate my life in a few areas and has already impacted my family, professional and personal life. I highly recommend this book to all mid career professionals as well as those that has just started with a career. #lifechanging

Is your career all it could be? Henry David Thoreau famously said, "The mass of men lead lives of quiet desperation." Does this describe your current work situation? Whether you're just starting out, looking for a change, or experiencing unwanted change, there's a way forward. Love Your Work is about pivoting step-by-step to a more satisfying career. It will help you: Dream up bigger goals than you have now — and meet them Search out new careers or niches within your industry Pursue work and success in the holistic sense Maybe the new economy feels daunting to you. Maybe you're not sure how to break out of your industry. Maybe you're struggling to move up in rank. Wherever you are, if you don't find your work meaningful and engaging, it's time for a change, and Love Your Work will prepare you to make it. Robert Dickie III is a career advisor and CEO passionate about helping people find their best work. And it shows. He offers motivating stories, insights into today's market, and dozens of resources for growing in your career. By the end of Love Your Work, you won't just be equipped for the next move, you'll be inspired for it. You'll see work differently, and you'll want to pursue it like you never have before.

Do you want to be prepared for your future? Then read this book. The workforce has been through a radical change in the past three decades, and every person working today will benefit from the wisdom and insight given between these covers. Richard Glass, Director Career Center, Liberty University Robert Dickie's newest book, Love Your Work, outlines the path and the plans to help you escape the emotional and financial drain of a job that doesn't meet your needs or motivate you to achieve your God-given potential. Get it. Read it. Pivot to the career you were made for! Chuck Bentley, CEO, Crown Financial Ministries As a college professor and student advisor, I am always looking for practical tools that help my students identify and harness their passions, talents, and God-given abilities. I appreciate the "on the ground" approach in this book where Robert uses "Pivot Points" to provide straightforward action steps and experiential learning each step of the way! I will be recommending this book to my students and colleagues. Barbara A. Herter, Rinker School of Business, Palm Beach Atlantic University We millennials often need to be reminded not only what to do and how to do it, but why. We need to know our work matters. We come alive at the intersection of skill and meaning, and Love Your Work shows us how to get there. This is an extremely insightful guide to help you use your passion to make an impact on your world. Allie Beth Stuckey The
