Vernon Jordan Jr. : Make it Plain: Standing Up and Speaking Out before purchasing it in order to gage whether or not it would be worth my time, and all praised Make it Plain: Standing Up and Speaking Out:

5 of 5 people found the following review helpful. Well-written and great oral history of civil rights movementBy JohnItem received on time and in new condition. Great concept for book: short explanation of speech circumstances followed by complete text of speech delivered by Mr. Jordan. Follows chronological history of civil rights from 1960's to 1980's. Very enlightening. Would buy again. A++.
1 of 2 people found the following review helpful. Four StarsBy Jonathan AllenGreat customer service. I like the book.
4 of 4 people found the following review helpful. Make It PlainBy the bookwormThis is an excellent addition to my collection of historical books about this period in our history. This was my young adult period, so I have an active, personal account of things. His speeches give a deeper perspective of the times when taken with the other writings in my collection.

The long and storied career of Vernon E. Jordan, Jr. one of the nation's finest speakers, has carried him from work on the civil rights front lines in the South to the National Urban League to positions of influence at the highest level of business and politics. A friend and confidant to presidents, Vernon Jordan has never forgotten the men and women, from Wiley Branton to Martin Luther King, from Fannie Lou Hamer to Whitney Young to Primus King, whose oratorical skill in service to social justice deeply influenced him. Their examples, and voices, mixed with Vernon's own make this book both a history and an embodiment of black speech at its finest, full of emotion, controlled force, righteous indignation, love of country, and awe in front of the challenges ahead.
