and exercises<sup>3</sup>. The chapters on pricing are particularly strong and PROFIT SENSITIVITY ANALYSIS is explained in great detail.<sup>4</sup> The book is a must for senior executives in the industry. Disadvantage: 1. The price is much too low !

The book gives practical instruction and guidance in the use of accounting for effective control and higher profit in hotel and catering operations. The author covers all aspects of the subject, setting arguments and examples in a real context.

A book to be read and studied and used again and again for reference - HCIMA
