The ever-evolving nature of accountancy and emphasis on professional accountability means that all business professionals need to ensure they are up-to-date with the latest developments. This latest revision of CIMA's Official Terminology addresses this need by defining relevant terms used in today's business environment. Official Terminology clarifies the language of business to CIMA members and other professional accountants and is a useful glossary for CIMA students. It provides insight into current business techniques and practices for academic researchers. All the revisions in this extensively updated edition are based on the experiences of real management accountants, guaranteeing that each term accurately reflects what is happening in today's business world.
