ExcellentBy StudentThis is a textbook for graduate school that I found on for half the price the school bookstore was asking. It arrived quickly was in excellent condition; like new. I order from frequently and am always

pleased.0 of 1 people found the following review helpful. **Work Life Balance**By MurrayfanIn these times, we need to turn back to some of our basic business ethics. This is a wonderful and in depth book which I think introduces a healthy, more holistic approach to work, as opposed to a compartmentalized, unbalanced approach which may be harmful long-term.

As commonly understood, professional ethics consists of shared duties and episodic dilemmas--the responsibilities incumbent on all members of specific professions joined together with the dilemmas that arise when these responsibilities conflict. Martin challenges this "consensus paradigm" as he rethinks professional ethics to include personal commitments and ideals, of which many are not mandatory. Using specific examples from a wide range of professions, including medicine, law, high school teaching, journalism, engineering, and ministry, he explores how personal commitments motivate, guide, and give meaning to work.

About the AuthorMike W. Martin is at Chapman University, California.
