AND Rene is a page turner. I liked to read about the Baronets, brought me back in time, since I was a fan of them and being a young teenager at the time, I had a crush on the 3 of them!!!! They were so funny together. It was a real pleasure to follow the rise of Rene and Celine, to realise how hard work, tenacity they both put into the career of Celine. yes, it was not so easy to bring Celine to the top. Bravo Rene, hope you live some more years to enjoy all the money you made with her talent, and time with your 3 boys you created with her. Long life to both of you and to your family. You did extraordinary well. 0 of 0 people found the following review helpful. The Story of Celine Dion's Rise to the Top, and the Man Who Took Her There! By Darlene from Kansas If you are a "fan" of Celine Dion's, this is a part of the background story of her rise to fame, and the "manager" who took her to the TOP! Also read her own story, and put the two together, then you will better understand her rise to fame, the work and sacrifice it took to get there, plus her great all time "love/admiration" for Re'ne. This is no ordinary story! 0 of 0 people found the following review helpful. Celine Dion: One of the Greatest Recording Artists. By William A. James Rene Angelil: The making of Celine Dion is a superb book about a lovely young and beautiful Singer/Recording Artist that sung the theme song for the "Titanic." She persevered through many hardships, and pains to become one the leading singers of this age matching Barbara Stristein, and Marion Anderson. This is a must read Biography.
