of his basic tools and patterns for successful trading even walking you through how to set up his charts on your trading platform. 2 of 2 people found the following review helpful. Detailed Information But Hard To Follow By Scott Welsh It's a very detailed and complicated book. If you like to look at a lot of things at once, this book is for you. 0 of 4 people found the following review helpful. One Star By td Don't waste your money on this book.

There are so many trading systems out there today, each one claiming to have the secret that will bring windfall returns. Some may fare well in rising markets, but all too often leave the trader struggling to keep their head--and capital--up when the market starts to fall. Doesn't sound too reliable, does it? The Underground Trader Swing Trading system is unlike any other. Having been meticulously forged by hand from hours of active market participation and analysis from over a decade, it is an all-encompassing system that performs strong when the market is rising and perhaps even stronger when it is falling. It functions well in every market condition, ensuring that traders can rely on it no matter how the market moves. This revised book from renowned trader and president of UndergroundTrader.com, Jea Yu, provides all of the information necessary to successfully begin swing trading today. You will learn: * How to break down and grind away any stock piece by piece, allowing you to quantify and analyze it on the fly, * To build a solid foundation using the highest probability setup--the perfect storm, * A step-by-step process of how to plan and execute a trade to ensure the highest available return, and * When to buy long or sell short and exactly the criteria to identify and look for before making these moves. Also included in this e-book are real-life examples and charts as well as an in-depth look at how the Underground Trader system really works, what its chat rooms and alerts look like, and how you can use the platform to exponentially increase your swing trading knowledge and --in turn-- your profits. Knowing the information provided in this e-book will help you to boost your returns and minimize losses with just a few simple strategies that will leave you wishing you'd been an Underground Trader years ago.
