Five StarsBy thomasIncredible book0 of 2 people found the following review helpful. worst bookBy aaDon't read this book if you want to understand how Soros invests. All you will find in this book is his personal s***. Who cares. I was hoping to understand his investing style. Like Warren Buffett. You know how the man invests. On the other hand, you really don't know anything about Soros. He is a speculator and so his life is speculation and second guesses. Move on, Don't read this.
