discovered her mission when she was not permitted to play Little League ball because she was the wrong gender. Joan set out to change that and she did for all the girls and women who followed her. Joan's book is full of heart warming stories, but it does not neglect the trials of a true pioneer. She gives great directions for obtaining a successful life and bolsters them with wonderful quotations. Under-girding Joan's success is a devoted Christian, wife, and mother. Joan has the heart of a giant. She makes better everything that she touches. She is right when she applies all of these lessons learned to life and business. 1 of 1 people found the following review helpful. Loved it. Joan and Pat Summitt were what I call 'glass cutters' in building the Tennessee women's athletics program. They did not break the glass ceiling; they carefully carved their way through. —Sally Jenkins, Washington Post
Joan has the ability to bring out the best in people and provide them with the skills to be the best that they can be. It's refreshing that despite all her vast accomplishments Joan remains humble and sincere. —Robin Roberts, co-anchor, Good Morning America
Whether you're in the board room or the locker room, there is nothing more important than teamwork. Joan Cronan is a gifted leader of teams, whose passion and devotion has led generations of athletes to be the very best that they can be. Her learning and experience can be a hugely valuable lesson to us all. —Kenneth W. Lowe, Chairman, President, and CEO, Scripps Networks Interactive
